Hello, I just started playing the game, I'm Level 3 and running in Fire Slug. My party is war, fighter, robber and enchanter, and I don't know what to do against fire slugs, the queen can practically 2 hit any party member, if I spread my party, they can't do nearly enough harm to kill one target on their own, and if they group them they just get ruined by AoE. Page 2 27 Comments Divinity: Original Sin 2 ggt; General Discussion of the Details of the Royal Fire Slug Options (Potential Spoilers) So I have a funny kind of issue , recently I did a royal fire bullet meeting (conversation) with a pet buddy to whip up, got a letter and all and read it. It says she is willing to accept courtship from people of wealth and noble growth. Has anyone tried to have character with a noble tag and a pet buddy to talk to her? Royal Firefighter Slug in Divinity Original Sin II (D:OS2) Royal Firefighter Slug is the enemy in Divinity: Original Sin 2 Review Edit Royal Fire Slug is one of the slug firefighters found in the underground tunnel Location edit Dialogue Royal Fire Slug - You're There! Boy! Did Braccus send you? Is he ready to apologize? Ifan ben-Mezd - Feel the unreliability of your situation and play along. Let's say you were sent to deliver a message. I won't have the grovelling that whelp braccus delivered some half-wit servant! Only when he prostrates himself in front of me, do I even begin to consider the notion of forgiving him! Ifan ben-Mezd - Keep the Charades asking if a low servant how can you ask about what Braccus did to her. Royal Firefighter Slug -- You're really a dim specimen, aren't you? I was supposed to be marrying Braccus, but he flew into a rage after tiff lovers ... He squeaked me and all my courtiers, turning us into beasts that you see in front of you! Sooner or later he to myself. Then he'll ask me for forgiveness! Ethan Ben-Mezd - Say that you will gladly bring him a message if it allows you to pass... The narrator - Special bullet folds into the kind of what may be a suspicion. Terrible rush ... You know what makes you seem like to me...? Spy! Ethan ben-Mezd - Say that you will never betray a majestic creature like herself... Your intentions are as pure as controlled snow. Royal Firefighter Slug - Hrrm. Maybe you're not a spy then. But there's something off about you... If you are really a servant of Braccus, then you should know in which hand he wields an axe ... left or right? Ifan bin-Mezd - Shoot back that her question is ridiculous. Royal Firefighter Slug - Ah! Indeed, it is, because the axe of Bracus two hands, of course ... it is clear that you are who you claim. Take this Braccus message - tell him I'm still waiting for his apology and my patience wears out. Now go! Ifan bin Mezd - Before you leave, ask Her Royal Highness to repeat her story of grief - people should be aware of the plight of their princess. Royal Firefighter Slug - Hmm... I suppose the little people of Rivello should know my tale... everything was fine after my engagement to Braccus for a while. But then - then - he began to pay less attention to me ... He had a mind just to play around with his blasted Source of Stupidity! I gave him a good tongue to lash out about it before the whole court! But, well ... he didn't have the desired result... He turned me and all my servants into the beasts you see in front of you. I'm not giving in though! I remain the royal family, right to my very core! Map edit Screenshots (edit) Strategy Guide / Tips edit When asked about the fact that Braccus's hand owns his axe, you have to answer that question is ridiculous. This is because the Braccus axe is a 2-handed. If you answer your left hand or right hand, the Royal Fire Slug attacks you. The quotes : You are again! No messenger could do his duty properly in such a short time - go and deliver my letter, or I will burn you to the ground! the Royal Fiery Slug is the enemy in Divinity: Original Sin 2.
